## EMMA JO BOYDEN AS ROBYN BROWN

### Third Coast Review

"Boyden is fun in the formulaic role of Robyn, the uptight academic who secretly lusts for her assistant Stefan. In some cities, reality show personalities have played the role of Robyn and Boyden elevates the farce element with a deft performance."

### Chicago Tribune

"...graduate student Robyn, offering a kind of 'Fifty Shades' vibe is tutored by all-knowing Dan, albeit without the nudity...Fane is charming, Boyden is a stellar improviser and Meyer is extraordinarily willing."

## Around the Town Chicago

"We are told that she has passed away by her aide, Robyn (played to perfection by Emma Jo Boyden) who is a "plain Jane" type, with little or no experience with men."

*Alan Bresloff*

## The Broadway Blog

"...a frazzled young professor named Robyn (Emma Jo Boyden) is attempting to proctor a featured author reading. Hair tightly pulled back, horn-rimmed glasses carefully perched atop her nose, Robyn is all business...Those who might balk at physically joining the cast can instead live vicariously through Robyn, who loosens progressively under Dan's tutelage. By the drop of the proverbial curtain, she has morphed from restrained, nervous junior academic into a fully-realized sexual being ready to grab the world, and Stefan's shapely bottom, by the skin. For those of us still acclimating to evolved social mores, alongside age-old hangups, Robyn's abandon is hard not to envy...Kudos to Sex Tips for Straight Women from a Gay Man and its cast for taking it on with compassion and a trundle of humor."
